

BAR, TUBE & LARGE SHAPE DIES

Key Benefits

- Short leadtimes.
- Premium Carbide.
- CVD coating available upon request.
- Precision grinding with CNC controlled machines.
- Rough core stock for most common sizes available.
- Dies are custom engineered to provide maximum drawing performance.
- State-of-the-art wire EDM and optical inspection systems enable extremely tight tolerance control.

Paramount Die manufacturers large bar dies tailor made to your drawing

All our dies are manufactured to the profile specifications suited for your drawing operation. Shapes include: square, rectangular, hexagonal, triangular, oval, and custom.
